

## LEGION HEAD ASK BANKERS TO AID YANKS

Bankers of Indiana were appealed to today by the Indiana Department Legion through Paul V. McNutt, department commander, following official assurances clarifying the situation, to make loans to World War veterans on their adjusted compensation certificates.

In a letter addressed to all bankers in the state Commander McNutt declared that reports received here indicate that few loans are being made on the certificates and "in many instances banks are refusing these loans altogether." He added that the situation with respect to the loans, especially as to their safety and prompt clearance by the United States veterans' bureau in case of non-payment by the veteran himself, has been clarified by official declarations.

Commander McNutt pointed out that the loans are absolutely safe, being protected by a \$320,000,000 reserve fund held by the United States treasury for their redemption. He asserted that bank funds will not be tied up by making the loans.

Federal reserve banks are required under the law to rediscount such loans made by the banks, he continued. The director of the United States veterans' bureau has given assurances that notes and certificates on loans not paid by the veteran will be cleared within 24 hours after the bank has presented them to the bureau.

Attention of bankers of the state was called to a statement made by Melvin A. Traylor, president of the American Bankers' Association, urging the banks to "meet the situation now in the same patriotic way that characterized their actions" in 1917 to 1918.

In conclusion Commander McNutt appealed "to the bankers of Indiana to remember the sacrifices of its soldiers eight short years ago, and as Mr. Traylor suggests, 'make this small contribution to the welfare of the ex-soldier now'."

Commander McNutt's letter in full follows:

**TO THE BANKERS OF INDIANA:**  
Reports from all parts of the State show that comparatively few loans are being granted by banks on adjusted service certificates and that in many instances banks are refusing these loans altogether.

Under the law there is more than ample money in the treasury to protect loans on certificates. The veterans' bureau now has \$320,000,000 reserve for their redemption. This disposes of the question of safety.

The federal reserve banks are required under the law to rediscount such loans made by the banks; so this disposes of the question of tying up bank funds.

Therefore, there only remains the question of whether the bank officials of the state are willing to sacrifice time and trouble in behalf of the men who freely gave of their time to the colors eight years ago. Unlike the making of these loans, this sacrifice of time on the part of the veterans was accompanied by great risk—not of money, but of life itself.

### FIRST EMPLOYEE OF MADAM WALKER CO. DIES

Mrs. Jane Fisher, 93 years old, one of the first employees of the Madam C. J. Walker Mfg. Co., was found dead at her home, 636 N. Blackford St., Saturday afternoon by Mary Hurd, 713 North West St., who had gone there to carry the salary which the Walker Company has paid Mrs. Fisher each week since 1913, when she was retired after several years' service with that company.

Unable to make anyone respond to raps on the door, Mary summoned help, was lifted over the transom and found Mrs. Fisher on her knees, dead. The table was set, food was there, a cup of coffee had been poured from a pot that sat near by. From all evidence noted, it is reasoned that after preparing her breakfast Mrs. Fisher had knelt in her regular morning thanksgiving prayer and death, the grim, unwelcome reaper, claimed her.

The Madam C. J. Walker Company of which she was so long an employee also provided her funeral and its employees attended it en masse Tuesday morning at the C. M. C. Willis Mortuary.

Mrs. Frances Berry Coston, the subject of this sketch, is a gentle woman of culture and one of Indiana's leading social service workers, including both colored and white. Mrs. Coston is a native of Kentucky, the State that produced two outstanding and peculiarly distinguished historical contemporaries, Abraham Lincoln and Jefferson Davis. She graduated from Berea College, a mixed school, founded by abolitionists, closed to Negroes some years ago.

She has done post graduate work at Chicago University specializing in

the most advanced English under Prof. Coulter, and special work in English at the Harvard Summer School and Columbia University.

Mrs. Coston was a departmental teacher in English and Mathematics for a number of years in the city schools.

She was the principal of school No. 68, the Colored Orphans Home for several years. Mrs. Coston accomplished a great work at the Orphans' Home in alleviating very bad conditions found there, in respect to equipment or facilities and policies.

She was highly commended by our outstanding social service agencies for her good work at the Orphans' Home. Incidental to her problems and trials at the Orphans' Home, she organized the Educational Aid Society, an organization that has attracted national attention in the social service field.

The Educational Aid Society has taken 21 orphan youths to be educated in ten of the leading colored boarding schools. One has graduated, and others are juniors and seniors in our leading educational centers as Tuskegee, Hampton, Fisk, and the like.

The Society has given scholarships to twelve Indianapolis young people, at various schools, the State Normal at Terre Haute, at Butler College, The Herron Art Institute, and Fisk University. Mrs. Coston's good work in social service has been heartily encouraged by wealthy and benevolent inclined white people. She was recently able to bring the Endowment

Fund of the Educational Aid Society up to \$3,000, by gifts of \$1,000 and \$1,500 respectively. It is further planned to increase the Fund to \$25,000.00. Only the interest on this sum will ever be used for educational purposes.

Mrs. Coston has been a volunteer probation officer of the Marion County Juvenile Court. She was connected with the Old Flanner House, a well known local social service organization and she is active in the church and various women's clubs. She was the first colored student to enter the Pulitzer School of Journalism, connected with Columbia University. She is a correspondent of the Indianapolis News, and a strong and convincing writer on Negro social problems.

Mrs. Coston states to the writer, "It is my firm belief and experience that Negro people will never advance to the most cherished planes of accomplishment, until we of the more fortunate elements lift up those at the bottom." "The great bulk of ignorant shiftless colored people in America will ever be a mill-stone around the neck of the so-called higher class." "We must work hard and vigilantly to reduce ignorance, poverty, vice and crime," she asserts. Mrs. Coston is a devoted wife, and the mother of two charming children. "I think the home is the greatest place in the world for a woman," she declares.

### AIKEN GRAND JURY MEETS JAN. 24th.—N. A. A. C. P. WATCHING SITUATION.

NEW YORK, Jan. 14th.—The National Association for the Advancement of Colored People is in close touch with the situation in South Carolina relative to prosecution of the lynchers of the three Lowmans, Bertha, Clarence and Demon on the morning of Oct. 8th last. The regular session of the Aiken County Court and Grand Jury opens on Jan. 24th, and the N. A. A. C. P. is receiving regular and detailed reports in the meantime.

The pressure brought by the N. A. A. C. P., which protested to President Coolidge against rumored intention to appoint Gov. Thomas G. McLeod, a member of the Federal Trade Commission, brought a defense of his actions from Gov. McLeod in his farewell message to the South Carolina Legislature.

In his message Gov. McLeod contended that he had zealously endeavored to ascertain the guilty parties and bring them to justice, and that although favoring a special term of the Grand Jury he had not been able to call it before leaving office on January 18th, because the law provided such special term must be called by the Attorney General and Solicitor who in this case did not approve it.

In his message Gov. McLeod advocated that the penalty against Counties in which a lynching occurs be substantially increased and the proof of participation in a lynching be made from citizenship. It is reported on good authority that the incoming Gov. Richards, will not reappoint State Detective W. W. Rogers, who had been in charge of the Aiken investigation.

## SAYS RACE SHOULD BUILD FACTORIES INSTEAD OF CHURCHES—SEES DOOM OF RACE IN CHURCH.

By Daniel W. Chase

(For the Associated Negro Press)

DR. Lionel A. Francis, president of the International Alliance of Negroes, a split body of the great Garvey movement, in an interview here, says "that the fate of colored Americans hangs in the balance, because of the colored man's indifference to his economic status."

"The working class, especially in Philadelphia, is seething with unrest. Citizenship, whether by birth or naturalization, is no longer of any value to the Negro worker and is speedily becoming a farce. The unutilized Italian, Greek, Swede, Norwegian, Pole and Finn, who find refuge on American soil have, through their respective organizations and racial unity, been successful in always obtaining employment in all branches of work to the detriment of the colored worker; and the problem as seen by the International Alliance of Negroes is not a national one; it is racial."

"With but very few exceptions," pointed out Dr. Francis, "all of Philadelphia's employers are white. With two exceptions, all of the banks are owned and managed by whites. The employers of labor and the owners of many white banks and trust companies in Philadelphia are of every known nationality except African. The white banking firms and trust companies make possible the successful working of the various industries by financially promoting and maintaining them."

"What is needed today," said the doctor, "is the respectable employment for our growing number. Stop building churches for a while. Diversify and direct the Sunday collections, class dues, and monthly offerings in industrial channels. Let us supply our own people with employment; let us become a race of producers and gain the respect of other people; let us seek our economic independence, so that we may dictate the policies under which we live; let us cease to be slaves, which will result in better living, less poverty and less crime."

The girls of the Blue Triangle Club are giving a Charn School for its members. This week, Dr. Sara Brown talked on the "Charm of Radiant Health." Next week the topic under discussion will be "Charm of a Beautiful Smile." Mrs. Ada Thompson, U. S. B. Club Elects Officers—  
The "Let Us Be Friends" Club elected the following officers at its regular business meeting last Thursday: Artella Yatsman, president, Rhonda Bush, Secretary, and Chlo Elliot, Treas.

Girl Reserve Department—  
In keeping with the Y. W. C. A. Health Emphasis this month, the Girl Reserve Department is putting over a very intensive health program.

On Monday, Jan. 17th, Dr. Sara Brown, began a series of discussions with High School Girl Reserves and their mothers, her subject being "Health and Conduct." In the High School Girl Reserve meeting, health and conduct problems are being discussed and thrashed out. The next of these meetings will be Monday, Jan. 24th. All High School girls and mothers are cordially invited to be present.

The Grade School Health Program reaches its height with the Health Program on Friday, Jan. 28th at 3:30 P. M. at the Y. W. C. A. After the meeting a prize will be awarded to the club having the best health poster. Girls taking part in this program are from Schools 4, 17, 23, and 40. Other Grade School Girl Reserves are having Health Programs at their various buildings as they live too far out to come in to town. The program is as follows:

The Gibraltar Insurance Company and the Purity Dairy Company have donated the prizes in the Health Contest and Beauty Show.

Health songs, All Girls: "Ode To Good Posture" Cornelia Settles, School No. 4, "The Stomach Goes On Strike" Virginia Davis, School No. 17, Short Playlet, School No. 23, Every Girl's Health, "The Story of Life" Dr. Sara Brown, Award of Prizes for Poster on Health, Mistress of Ceremonies, Marion Lewis, School No. 23, Usher, Hazel Summers, Naomi Harrison, School No. 19.

Another important feature of the Grade School Health work is the Health Habit Contest which includes the washing of teeth twice daily eight hours of sleep. In this contest each Girl Reserve is trying to win health points therefore bringing up the number of points for her club.

The Girl Reserves at No. 63 are having their Health Program on Wednesday, Jan. 19th at 3 P. M. after which Dr. Brown will speak. Mrs. Hendon is the Advisor of this Girl Reserve Club.

At 56, the Girl Reserves are going to give their program during the next Parent-Teacher Meeting.

It is very interesting and encouraging to note the enthusiasm and interest with which our older Girl Reserves who have gone on to college are acting as advisors to Grade Schools. Misses Virginia Posey and Emily Garrett, both Freshmen at Butler are making splendid advisors at School 65.

Miss Posey, a san outstanding Girl Reserve and now advisor, has been asked to meet with the Grade School advisors at Central during their Monthly Supper Conference.

We are glad to welcome Miss Ruth Herod as one of our new Girl Reserve advisors. Miss Herod is drawing her material from No. 17, so we are sure that a very splendid club will develop under her fine leadership.

Two new High School Clubs have recently been organized. The "Romanian Club" which meets on Saturdays at 3:30, shows promise of good things. Already, a very interesting program has been made out for three months with much emphasis on "New Life and Letters." Credit is due Miss Lorene Mitchell for the organization of this club.

The "Cherio" Club, composed of members of the graduating class of School 26 (barely old enough to be called dignified high school girls) held their initial meeting on Saturday Jan. 15th. Mrs. Freida Parker, is the very able advisor of this club, which will no doubt, become one of the strongest in the department.

I was thin and felt tired all the time. I did not feel like going places. Life wasn't much pleasure. I spoke to my mother-in-law about my condition. She told me that Cardui had done much for her. I sent for Cardui right away; kept on taking it, and in a few weeks I felt stronger. I took on more weight, ate more, rested nights, and did not have the weak spells. I took 6 bottles in all. It sure helped me." Manufactured in the South and used by women for over 45 years. Sold by druggists. Get a bottle today.

## NEGRO BASEBALL MAGNATES MEET BEHIND CLOSE DOORS

DETROIT, Mich., Jan. 22nd (By The Associated Negro Press) Representatives of the National Negro Baseball league and the Eastern League met here this week. The public and newspaper men were not permitted to attend any of the sessions of the conference. The Eastern League was largely represented, but only five cities in the National League had delegates present.

It is understood that little in the way of preparing for the oncoming season was done, and that several more conferences will be necessary before any action can be taken by ball clubs. One meeting is scheduled for the 27th in St. Louis, Mo.

In the absence of Rube Foster, president, Dr. J. B. Keyes, of St. Louis, V-Pres., officiated. Foster, who is now confined in a hospital, will continue as president until death or a re-election. According to the league constitution, he cannot be removed on account of his present disability.

## DEMPSEY SAYS HE WONT FIGHT FOR LOVE OR MONEY

WILL GET IN SHAPE TO BOX SURVIVOR OF SERIES

NEW YORK, Jan. 21st.—Jack Dempsey has yielded to the demand of Tex Rickard that he submit his title comeback hopes to at least one test fight, according to the former champion's Eastern representative, Leonard Sachs.

"Dempsey will string with Rickard," said Sachs, in announcing the dethroned king had abandoned his attitude of opposition to any bout other than a return match with Gene Tunney. Sachs said Jack would get in shape to take on the survivor of Rickard's elimination series, involving Jack Sharkey, Jimmy Malone, Paul Benenbach, Paulino Uzcudun and possibly Jack Delaney. When asked if he would fight Harry Wills, the ex-champion stated, "No, I will never fight Wills for love or money."

Although Rickard has held several conferences with Delaney's manager, Pete Kelly, terms have not yet been reached for Delaney's participation in the race for the next heavyweight championship battle.

Rickard will insist that the next challenger agree to conditions under which the Madison Square Garden promoter will have exclusive rights to his services in the event that he lifts the crown from Tunney.

## TIGER FLOWERS MICKEY WALKER AT THE SAME GYM

(By The Associated Negro Press) LOS ANGELES, Calif., Jan. 21st.—Interest is at fever heat in Sporting Circles over the fact that both the champion and ex-champion, middleweights, will be in the city and both training at the Main Street Gym. Flowers is training for his big battle at Wrigley Field on January 22. It is not known yet the reason for Walker's coming, but it is hinted that attempts will be made to return match between the two. Flowers is on the way here from Georgia. Walker was due to arrive on Saturday. A monster crowd is expected to flow into Wrigley Field, one block of eight hundred seats being already wired for before opening of the ticket offices. Flowers is very popular among the church-going people of the city, as well as the sporting element, and is always besieged with invitations to attend various churches.

## HOWARD ANNOUNCE FOOTBALL SCHEDULE FOR 1927

WASHINGTON, D. C., Jan. 21st.—The Board of Athletic Control of Howard University has had to establish a waiting list for a number of institutions desiring a place on the Howard Football schedule. There are only nine possible dates in the Howard season. This makes it impossible to play all of the schools desiring a place on the schedule. The "Bisons" next year will undoubtedly attempt the most difficult schedule in recent years. Bluefield Institute of Bluefield, West Virginia, has given the West Virginia Collegiate Institute a stiff argument for the past few years. Having this team placed first on the Howard schedule means that the "Bisons" will have to get going earlier than last season.

The Board of Athletic Control has voted to try the experiment of playing a varsity game on the Saturday before Thanksgiving because of the contention on the part of players and coaches that the lay-off between the Atlanta University game and Thanksgiving Day gives the men too long a time to think about the Lincoln game, which is always regarded as the most important engagement of the season. Furthermore, it constitutes a problem for the coaches to keep the men in proper physical condition and mental attitude. It will be interesting to watch the result of this experiment next season.

Oct. 1st—Bluefield Institutes, At Home.  
Oct. 5th—Livingstone College, At Home.  
Oct. 15th—Morehouse College, At Home.

## OLD RIVALS MEET AGAIN

MUNCIE, IND., Jan. 15th.—The Muncie Meteors downed the Anderson Shining Stars, 23 to 21, at the Central High School gym in a vicious game that sent the fans home in a highly weakened state after watching the gruelling struggle which at no time found either team holding a margin that offered relaxation to their taunt nerve strings. This was the second victory of the Meteors over Anderson this season. The result was in doubt until the final pistol shot, the score being knotted a number of times. Both teams missed several "set-ups" in the first half, which ended, 14 to 11, Muncie.

At the start of the final half Anderson hit the basket with much accuracy. The count was soon knotted. At this point both teams unleashed desperate attacks and the battle raged up and down the hardwood with neither side able to outscore the other. After a timeout called by Muncie, both teams rushed into it again. With only two minutes to go, the score stood 21-all. Then Blair, Muncie forward received a pass and registered the fatal points in the unprotected ring. Muncie forged into the lead and despite play which resembled desperation, Anderson was unable to locate the hoop. Wright and Drake divided scoring honors with nine points each.

Lineup and summary:

## BABY JOE GANS MAKES 1927 DEBUT JANUARY THE 18TH

(Pacific Coast News Bureau) LOS ANGELES, Calif., Jan. 22nd.—Matchmaker Joe Levy of the Olympic Auditorium is patting himself on the back because he has been able to secure a suitable opponent for Baby Joe Gans, colored lightweight champion, in the person of Charlie Feral of San Diego. Gans will box the white boy a ten round main event Tuesday night, Jan. 18th.

## TIGER FLOWERS ARRIVES ON COAST AND STARTS

On the same card, Charlie Long, middleweight, formerly of Omaha, Nebraska, will box Billy Harms (white) in the ten round semi-windup.

## Wills May Meet Godfrey On Coast

LOS ANGELES, Jan. 21st.—Harry Wills, colored heavyweight of New York, may be seen in action with George Godfrey here if Dick Donald can come to terms with Jimmy Daugherty, manager of Godfrey.

Donald, who is promoting the bout between Leo Lomski and Tiger Flowers a (Wrigley Field on the 22nd inst.) is in communication with Daugherty and hopes to sign the giant panther for the battle.

Paddy Mullins, manager of Wills, has already given Dick his consent to use Wills against any opponent the local promoter selects. Mullins also authorized Donald to match Pete Letzo, the welterweight champion, with a Western fighter.

Wills and Godfrey should draw the biggest house ever recorded here. Godfrey has lost only one fight on the Coast. Chuck Wiggins gained that nod on a foul.

## TRAINING.

(Pacific Coast News Bureau) LOS ANGELES, Calif., Jan. 21st.—"Tiger" Flowers whose middleweight crown was lately taken away from him by an incompetent Chicago referee, arrived in Los Angeles Tuesday morning and is in training at the Main Street Athletic Club for his bout with Leo Lomski at Wrigley, Saturday afternoon, Jan. 22nd.

Mickey Walker, "synthetic" middleweight champion landed in this City just a few days ahead of Flowers and it is expected that he will challenge the winner of the Flowers-Lomski battle.

Although Lomski is rated very highly in these parts, Flowers should give him a boxing lesson in all of the ten rounds.

## Y BIG 5 MEETS FIRST DEFEAT OF SEASON

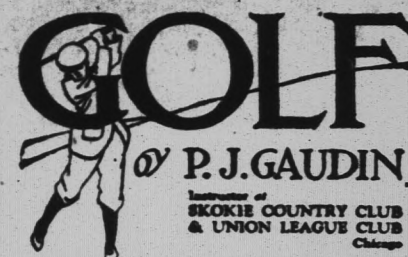

In a game, the result of which was in doubt until the final whistle blew, the Y Big 5 met its first defeat of the season at the hands of DeHart Hubbard's Cincinnati Chester Comets last Friday night on the local "Y" floor by the score of 35 to 31. The first half ended at 15 all. This shows how tight the game was throughout, the lead changing hands repeatedly. Toward the end of the game the Y drew away and was leading by six points, the score being 26 with three minutes to play. Cincinnati started a rally when Redden made a long shot. It was quickly followed by another long one by Rodgers and an under the basket shot by Hubbard which tied the score with thirty seconds to play. The first overtime period started and at one minute before the end the "Y" was leading 29 to 28. A foul shot Johnson tied the score just as the whistle blew for the period to end. The second overtime period started and spelled disaster for the local boys. The Hubbard brothers both counted and Rodgers shot another long one for a total of 35 points while the Y made one field goal making their total 31. The team work of the "Y" was superior to that of Cincinnati but the basket shooting was erratic. Enough under the basket shooting was erratic. Enough under the basket shot were missed to double the score, the "Y" team having four shots to Cincinnati's one.

Summary:  
Y Big 5 Cincinnati  
Pierce F D Hubbard  
Southern F E Johnson

Foul Goals—Southern: 2; Wilson, 2; Bryant, 1; Johnson, 3; C. Hubbard, 2. Referee James Lincoln U. Umpire, Hazzard, Butler U.

The curtain raiser for the big game was a thriller. The Hi Y team of the "Y" defeated a white team representing the Third Christian Church by the score of 40 to 13. The playing of Sam Southern, Reed and Lyles was outstanding for the Hi-Y.

## BALTIMORE ATHLETICS COMING

The annual visit of the Baltimore Athenians under the management of Mr. Wm. S. Harris will take place next Friday, January 21st. They are bringing with them the same group of scrappy players that were with them last year. The team has been very successful during the present season having defeated numerous teams including the Howard University team. The team has among its members Poles, one of the best dribblers in the country and Scrappy Brown famous for his long shots and passing ability. They defeated the "Y" team their last time here by the score of 28 to 26, but the locals are determined to wipe out that past defeat. The game starts at 8:30 P. M.

2—Let the Club Do the Work.

With the first lesson from your golf teacher, preferably in the use of the masher, should come careful consideration of the purpose of that lesson. It will not be necessary for the teacher to emphasize the difficulty of making the swing properly; the pupil will know that before the first lesson is ended. It will be necessary, however, for the pupil, if he wishes to get much benefit from the lessons, to learn the reason for the various elements of the swing and, most important of all, to learn the benefit of intelligent, thoughtful practice.

Every particle of instruction and every word written about the methods of making a golf swing center in hitting the ball properly, with the club faced properly and traveling at the right speed. As a general rule, and an invariable rule where distance is the main consideration, this means that, at the moment of impact, the club is traveling along the line of flight, parallel to the ground and with the face of the club at right angles to the line from the ball to the hole.

The beginner then should concentrate all his mental and physical energies on hitting the ball properly for distance, leaving the methods of making out shots or hooks or slices for future consideration. The first point is to learn that the ball must be hit at or below the middle of the back and that the loft of the club and its forward motion will take care of the loft of the ball. Take the stance and grip of the club as suggested by the teacher and make the swing very slowly and only a few inches backward and forward. Do not use a ball at first. Keep your eyes glued to the slowly swinging club. Almost at once the whole idea will be plain. Let the club swing over a straight mark, keeping it at right angles all the time. A little later will be plenty of time to use a ball; a real one if the practice can be out of doors, or one of wool for indoors.

There is nothing more important for the beginner than to practice and watch this right-angled position of the club along the line of flight.

(By The Associated Negro Press) FARLEY LIKELY TO BE NAMED 1-MAN COMISH

NEW YORK, Jan. 14th.—Within a few weeks the State control over professional sports, which in New York includes only racing and boxing, will be in the hands of an entirely different ruling body.

Racing men and boxing men are pondering now as to what will happen when the New York legislature approves Gov. Al Smith's suggestion that all professional sports be placed under the administration of the Secretary of State.

Which is adopted by the New York legislators concerns not only New York citizens and taxpayers, but also the sportsmen in practically every State of the Union, because where racing and boxing have been legalized by State lawmakers, the laws they

passed were patterned almost word for word along the lines of the New York statutes.

If the legislature approves Gov. Smith's consolidation plans for the sake of economy, it is almost certain that James A. Farley, who is now chairman of the New York boxing commission, will be named as an assistant secretary of the state in charge of boxing and that he will be endowed with authority as far-reaching and unimpeachable as that wielded by Judge Landis in baseball.

It will be remembered that Farley is the man who has held out for a square deal for Negro fighters.

## STATE CHAMPS VICTORS, 40-22

MONARCHS GIVE COMETS SOME PUNCTIONS ON GOAL SHOOTING.

MUNCIE, Ind., Jan. 14th.—The Muncie Monarchs added the scalps of the Indianapolis Comets, runners-up in the 1926 State Tourney, to their already respectable collection of victories. The score was 40 to 22. Opening with a burst of speed, the Monarchs grabbed off a large lead before the Comets found out what it was all about. When the Comets at last broke the ice their marksmanship failed to compare with Monarchs'. The visitors were outscored approximately 2 to 1 throughout the contest. But despite this fact, Muncie was forced to fight for every point. The half ended, 18 to 9, in favor of the Old Gold and Black.

The final canto was much a repetition of the first. The Comets were unable to stop the fast passing, accurate shooting Monarchs. Grider sank the leather with sickening regularity hitting the meshes for seven fielders. He was not unaccompanied in the drapery tickling business. Fowlkes, snacking five fielders and three fouls, Brown, while off on goal shooting and at a disadvantage at driving off his larger opponents, played a brilliant floor game. O. McCallister has proved to be a very valuable asset to the team. He upheld the Monarchs defense in fine style. The entire squad saw more or less action in the fray.

Clark was highest scorer for the losers with eleven points to his credit. Kelly also played a fast and clean game at guard. The game marked the ninth victory out of a possible twelve for the Monarchs this season. Lineup and summary:  
Muncie (40) Indianapolis (22)  
Brown F Martin  
Grider F Clark  
Fowlkes C Moore  
O. McCallister G Kelly  
Thompson G Paige  
Field goals—Grider, 7; Fowlkes, 5; Brown, 3; Glenn, 1; O. McCallister, 1; Thompson, 1; Clark, 5; Moore, 2; Kelly, 1.

Foul goals—Fowlkes, 3; Glenn, 1; Moore, 2; Kelly, 2; Clark, 1. Substitutions—Glenn, A. McCallister, Watkins, Anderson.

Referee, Swingley.  
Can any one give us information as to the whereabouts of the Victory Brick at present, and its basketball journey since it was deprived of the Muncie Monarchs by the Marion Flyers? Please reply through the Recorder.

## AT THE WASHINGTON

By Webb

Three Dad James, "Crescent Players" Company are the main attraction here this week, and they are presenting a very nice clean show of musical comedy type. Featuring such stars as Happy Winbush, Pearl James, Fred Delvon, France Wallace, Harold Everheart, and the Kid Wonder, Fred James, and a fine fast working chorus made up of Gertrude Damon, Louise Everheart, Anna Mason, Baby Evelyn James, Mary Tucker and Marion Ford Soubret. The comedy is mostly handled by Fred James. Happy Winbush, has a nice single. Everheart, Winbush, Fred James, and a Miss Levis, who works under cork have a very nice dancing turn together, but to tell the truth everyone in the company dances. The "Flap-Jack Wife" bit by Dad James, Marion Ford, Fred James and Fred Delvons is also good. I am very sorry that space will not let me go more into detail, but they have a nice show. They are supported by "The Dippy Band" Company a local company with all Indianapolis talent: made up of Dippy Miller, Dap Waldon, Dorothy Jones, Buddie Barclow, Wm. Fisher, Lucinda Broyles, Rosa McCoy, Rosie Lee Smith, Louis Jenkins, Elizabeth Overstreet, Lucile Hizer and Florine Force. They have a very nice company of players who thought amateurs are much better than some professionals I have seen. They open with a series of fast song and dance numbers that are really good. The doctor Jazz Bit has a world of comedy in it, but the real hit of the show is the Misses Overstreet, and Jenkins' rendition of "Indian Love Call" next in favor seems to be the fancy foot work by Richard Barclow. Dorothy and "Dap" have a turn together that goes over well. In fact you really will miss a treat if you fail to see this outfit of local talent that bids fair to make a name for themselves and Naptown. Mr. Stone announces that they will be on the bill once each month from now on. So come out and see and encourage your home town boys and girls. "WEBB".

## To Be Retired From Railway Mail Service After Thirty Years

Mr. John L. Todd, of Indianapolis, who has served in the U. S. Railway Mail Service for more than thirty years, was recently retired on his own request.

Mr. Todd made a request for his retirement sometime ago to be effective, Jan. 12th 1927. He was eligible for retirement and a substantial annuity under provisions of the Retirement Act referring to the Postal Service.

He was employed in what was known as the Cleveland-St. Louis Railway Post Office, and ran from Indianapolis to Cleveland.

Mr. Todd is the oldest colored Railway Mail Clerk in point of service going out of Indianapolis. He states he has missed only one scheduled run in more than thirty years.

of service. Mr. Todd on his retirement received a letter of high commendation from the U. S. Post Master General. The letter from the Post General to Mr. Todd is printed here below.

Office of the Postmaster General  
WASHINGTON, D. C.  
December 21st 1926.

MR. JOHN L. TODD,  
366 W. 26th St.  
Indianapolis, Ind.

MY DEAR MR. TODD:

I found on my desk this morning, a request from you asking to be retired from the Postal Service under provisions of the Retirement Act. There was attached to this request an account of your splendid record of service as a railway postal clerk, continuing without interruption, over a period of thirty years.

During all this time you have gone about your duties faithfully serving your government, your supervisory officials and the many people with whom your duties brought you in contact.

Such service as men of your type render day after day, has caused people to consider the work of the Post Office Department an activity upon which they can always depend. It forms the strength which enables the Postal Service to continue as a great, human enterprise.

As you relinquish your duties the officers of the Department join me in the sincere hope that in addition to the personal satisfaction which must be yours when you look back over the years of faithful service, you will find new and interesting experiences in the leisure you have earned. I respect your accomplishments and feel it a privilege to grant your request.

Very cordially yours,  
Harry S. New.

Postmaster General

## MRS. ANNIE MALONE

(Continued from Page 1)

to be heard in the local court. Malone had his "day in court" the day he filed his bill for Mrs. Malone was away from the city. The daily papers ran both their pictures on the front page with detailed excerpts from Malone's divorce bill. She returned Friday and gave in a statement for the press her version of the affair. The dailies have been equally as generous. "Everything he has is the result of my effort," she said. "Every penny in the business is mine, and I have always directed every move, passed judgment on everything. It was my effort that started Poro College, and my effort which made it what it is today. When I married Mr. Malone in 1911, he did not have a cent. He was just a teacher in a second rate school who sold bibles in his spare time. The title of 'manager of Poro College' I gave him as a matter of courtesy, because he was my husband, and I did not wish to shame him. I wanted to soothe his vanity and make the best of an embarrassing situation. This is my reward. The greatest sin possible I think is the one of ingratitude."

Malone in his suit has contended that the institution was a 50-50 proposition and that his ingenuity developed it to its present scope. "When I married Mr. Malone," said his wife, "the business was well established. I had agents all over the United States a large manufactory on Pine St., and had made money. The money which I have made, however, has come to me by itself. I have not been seeking money alone, but working on the theory that through cleanliness and good appearance the Negro can attain

recognition and respect. I have striven to help my people."

Mr. Malone in his bill contended that his wife treated him with scorn and contempt, refused to go out with him, and excluded him from her social functions, but his wife says: "I could never quite understand Mr. Malone. He always seemed very mysterious and never seemed to take much interest in the business. He went in for politics, got on the Republican State Committee, and had an idea he was going to be a political power. It fizzled out. On day with no explanation, he packed up his things and moved across the hall. I said nothing because I desired to avoid friction, the shame of airing our personal affairs in court. We have not spoken to each other since last May."

The court appointed a temporary receiver at Malone's request. The building and equipment of the Poro establishment is said to represent an investment of about \$750,000, and Mrs. Malone admits she has made at least a million. For 1923 she paid \$38,403 in Federal Income Tax. Public sentiment in St. Louis seems to be strong in favor of Mrs. Malone.

## GIVES TO SOCIETY

Mrs. Frances Berry Coston, President of the Educational Aid Society for Colored Orphans has recently announced the receipt of two commendable gifts. Two benevolent Indianapolis ladies, interested in social service, have contributed \$1,000.00 and \$500.00 respectively to the work of the Educational Aid Society. These praise-worthy citizens have requested that their name be not divulged to the public.

One check for \$500 was given specifically for the Endowment Fund, the other check for \$1,000 was to be used in whatever way the organization would see fit to use same. The president states on the advice of friends of the organization, both checks were placed in the Endowment Fund of the organization. Mr. Sterling R. Holt was the first donor, who made the Endowment Fund possible, by a gift of \$1,000 about two years ago. The following year, the members of the society added \$500.00 to the fund by the sale of tickets to the annual concert at Caleb Mills Hall. The Endowment Fund is now \$3,000.

It is the aim of the Society to try and increase the fund to \$25,000.00 within the next five

years, in addition to assisting with the educational of as many young people as the fund will permit.

The money for current expenses is obtained entirely from the proceeds of an annual concert at Caleb Mills Hall, and a list of about two dozen friends colored and white, who contributed to the support of the work. Mr. Leo M. Rappaport has headed the list of donors for several years. The work of the Educational Aid Society is to assist deserving orphan, neglected, dependent and delinquent children to receive an education, and to assume their place and responsibility in life and human society.

## MOTHER SAYS DAUGHTER SHOT IN SELF DEFENSE WHEN SUITOR VOICED THREAT TO KILL

COLUMBUS, O., Jan. 12th.—William Cohen, 35, Negro, 29 W. Spruce is dead of gunshot wounds and Miss Julia Brown, 23, colored, is in the county jail, pending further investigation of the slaying as a result of an altercation yesterday at her home in Riverside Dr., South of Williams Bridge. Cohen is alleged to have threatened her and her mother, Mrs. Mary Brown, 40.

Cohen, who was married, became angry when Mrs. Brown ordered him from the house and to stop paying attention to her daughter, according to her story. She told sheriff's deputies that he threatened to kill them and the daughter in defense, obtained a shotgun and emptied both barrels at him, killing him almost instantly.

Cohen's wife, Mrs. Birdie Cohen, has been ill for several weeks. She and a son, Clarence, 18, survive. Co-

hen was employed at the Panhandle shops, N. 20th St. His body was taken to the J. W. Adams morgue.

## GENE ALGER

Supreme Court to get a change of venue for Shaw and the age of McCutcheon did not matter, favorably to McCutcheon.

## Defendant Jovial.

The writer, who is covering the case at Danville, has come in contact with Gene Alger several times. We rode on the elevator with him three times as he was being taken to and from the jail to the Court Room. He is well dressed, talks freely, jokes and seems to take it for granted that he will soon be released. It does not appear that he realizes the enormity of the offense with which he is charged. Just to see him one would not get the impression he is a confessed murderer of an officers of the law.

## Railroad Man Was in Misery

"I was a sick man—could hardly go to work at all," says Mr. Chas. E. Parker, of Charleston, Ill. "I had severe throbbing headaches, dizzy spells, indigestion, tightness in my chest, shortness of breath."

"My back ached and I could not stay in bed with any ease. Any way I turned I was in misery."

"I tried different remedies till I heard of Black-Draught. I took a couple of good, big doses of Black-Draught and saw a big change. I was better—I ate better and slept better. I kept it up till I took a package. I was then able to go back to my work. I am a railroader and my work is hard."

"I have kept myself fit by taking Black-Draught, and though I'm 52 years old I can do my work with ease right along with younger men. I am never without Black-Draught. I give it to my nieces for colds and stomach troubles and it helps them. It helps dizziness and bad taste in the mouth—an all 'round good medicine."

Costs only 1 cent a dose.
